Unlimited Color (4/4)

All of our cards are printed in full-color on industrial printing presses. This means you may use any number of colors and/or images without affecting the price.

Premium Paper Stock

The paper stock we use is amongst finest available. It is a comfortably thick 14-point stock coated both sides with a satin matte finish and can grow to an impressive 15-point card with the glossy U/V coating applied.

Card Texture - (Glossy U/V / Matte Finish)

You may select a **free** glossy U/V or matte aqueous finish on either side. We recommend the back of the card be set to matte as it is easier to write on.

Rounded Corners Option

Round the corners of your card. Sorry no splitting of box sets, each boxed card set must be completely rounded or not rounded at all.

Notes:

- You will receive Cards without envelopes
- USPS does not accept the cards with rounded corners mailed without envelopes.
